"I heard the voice of the Lord saying, whom shall I send and who will go for us? Then I said, here am I, send me" (Isaiah 6:8).

The need

"Our ideas of education take too narrow and too low a range. There is a need of a broader scope, an higher aim. True education..."(EGW).

How do we achieve that?

True education has to do with the whole being, and with the whole period of existence possible to man. It is the harmonious development of the physical, the mental and the spiritual powers. It prepares the student for the joy of service in this world and for the higher joy of wider service in the world to come" (EGW).

How do we know if they are learned it?

What are we going to do with those students who didn't learn?

What about those who did?
